

# THE SPIRIT OF THE COAST

# ALDEBURGH<sup>ERE</sup>

Conceived here.

Born here.

Distilled here.

Made of here.

We are Aldeburgh through and through.

Committed to local people, local places and  
local produce. So, here's to us and our community.

FISHERS

THE SPIRIT OF THE COAST

## Our Story

Following a childhood spent surrounded by the shingle beaches, natural salt marshes and wild meadows of Aldeburgh our founder, Andrew Heald, set about capturing the distinctive character and coastal experience of this unique location and sharing it with the world. In 2016 our first batch of Gin was born, Fishers Original.

THE SPIRIT OF THE COAST

## Our Distillery

Completed in the Spring of 2020 our spectacular beachside distillery is the closest to the sea in the UK. It's also quickly becoming one of the areas most magnetic attractions offering seasonal tours, tastings and sundowners every day.

# OUR FOUNDER. FINDING

We are all about the personal touch. From how we pick our botanicals and pick up the phone. To how we welcome our guests, fix them a Fishers and share our story.

FISHERS

THE SPIRIT OF THE COAST

## Our Process

Fishers is a London Dry Gin with a difference. All the botanicals go into our still to be steeped in our base spirit for a full 24hrs. Only then does the final distillation in our handbuilt Copper Pot take place. This process enables us to use the one-shot method at the end of the distillation, meaning we take only the best, or the 'Heart' cut of the distillate. All of which combines to produce the most distinctive, flavoursome, full-bodied and aromatic coastal gin possible.

  
**FISHERS**

THE SPIRIT OF THE COAST

## Fishers Original

Distilled in the London Dry method using hand foraged wild herbs and local coastal botanicals. Fishers Original is a powerful and transportive gin with the unmistakable flavours of the Suffolk Coast

FISHERS

THE SPIRIT OF THE COAST

## Fishers Smoked

Distilled in the London Dry method using Botanicals that have been oak-smoked at Pinney's of Orford for several days. Smoked Fishers is a powerful and transportive gin, with the unmistakable aromas and flavours of a traditional Suffolk smokehouse

## Fishers Fifty

Handcrafted using the very first batches of gin ever distilled here at Beach Lodge and characterised by our unique selection of local botanicals foraged between the North Sea and the salt marshes of the River Alde, the Fishers Fifty experience is the physical embodiment of the Suffolk coast.
